About us

Elaph company, recently incorporated in the market with expected fast growth by focusing on three main parameters: quality, competitive prices, and packaging.

We are well known wholesalers, distributors and marketers for premium quality, branded food products including fresh, dry, and frozen vegetables, fruits, herbs, and seeds.

All the suppliers of ours are certified producers who meet the highest standards in their respective products.

Production and packaging

Elaph has always been reacting innovatively by introducing new products in the Market. We meet the diverse demands of customers with an extensive range of fresh fruits & vegetables which is planted and packed under our control during the different seasons.

As the company has modern storage facilities, all our products meet the highest quality standards. Furthermore, most products can be supplied like farm fresh products all year round. Thus, we are able to guarantee the best products as our devoted staff maintains a customer-centric approach.
